

SHSU ONLINE

TECHNICAL EVALUATION FOR DISTANCE EDUCATION COURSES

The DELTA Center provides leadership and support to the University's initiative to enhance teaching and learning through skillful integration of technology and the learning process. The DELTA Center is a resource for University faculty in all disciplines, providing guidance and expertise in developing a wide range of technology-enhanced courses, as well as hybrid and fully online instruction.

In this, the DELTA Center gives technical consultation prior to the design and evaluation prior to the implementation of online courses:
