Accessing Blackboard – Guest Login

**Guest Login Use**

**Guest Login** is the function that allows Blackboard users an alternate way to log into Blackboard. This login can be used at any time and can offer an additional way to log in should the regular Blackboard login method be unavailable.

**How to Log In Using Guest Login**

1. To begin, go to: [https://shsu.blackboard.com/](https://shsu.blackboard.com/)
   - If that page does not work, go to: [https://shsu.blackboard.com/webapps/login/?action=default_login](https://shsu.blackboard.com/webapps/login/?action=default_login)

2. The Guest Login option will appear to the right of your school on the campus selection screen. Click on Guest/Partner Login to display the Username and Password fields. To log in, enter your username in the **Username** field.

3. In the password field, you will need to enter your Guest Login password. The passwords are as follows:
   - **SHSU**: last four digits of your social security number followed by the last four numbers of your Sam ID
   - **LIT**: last six digits of your social security number
   - **Sul Ross**: the same password you would use to log in to Blackboard
