

Guest Login Use

Guest Login is the function that allows Blackboard users an alternate way to login to Blackboard. This login can be used at any time, and can offer an additional way to login in the case that regular Blackboard login is not available.

How to Log in in Using Guest Login

1. To begin, go to: https://shsu.blackboard.com/webapps/login/?action=default_login
2. The guest login page will have a grey screen. To log in, enter your username in the Username field.
3. In the password field ,enter the last four digits of your social security number followed by the last four numbers of your Sam ID. If either your username or password is entered incorrectly, you will be redirected to a SHSU login page. You will need to go back to the guest login screen to try again.
