Annotation sessions **expire after one hour**. You'll receive a warning message. After the time limit, annotations may not be saved. Need more time? Select **Save Draft** to save your work and continue later. Your annotations, feedback, and files are saved on the page. When you return, you can resume working.

Original formatting and embedded images are preserved. If a student submitted an unsupported file, you're prompted to download it. **Assignment submissions created through the text/content editor aren't compatible with inline grading.**

Note: Bb Annotate is supported on current versions of Firefox, Chrome, and Safari.
